FCC - MAILROOM

2005 Customer Proprietary Network Information Certification

I, Robert D. Shingler, President and Chief Executive Officer of Cypress Communications Operating Company, LLC ("Cypress"), have firsthand knowledge of the procedures that Cypress has implemented to comply with the Federal Communications Commission's rules pertaining to *safeguarding customer proprietary network information* ("CPNI"). I certify that Cypress has established procedures that are adequate to comply with the Commission's CPNI rules set forth in Section 64.2001 *et seq.* I relied on Attachment A in making this certification.

Robert D. Shingler
President and CEO
Cypress Communications Operating Company, LLC

2005 Customer Proprietary Network Information Certification
Attachment A

Cypress Communications Operating Company, LLC ("Cypress") has established policies and procedures to comply with the Federal Communications Commission's ("FCC") rules pertaining to the use, disclosure, and access to customer proprietary network information ("CPNI") set forth in Section 64.2001 *et seq.* It is Cypress's policy not to use CPNI for any marketing purpose other than to market to a customer services that are within the same category of service to which the customer already subscribes. Cypress's non-marketing uses of a customer's CPNI are restricted to those permitted without prior approval of the customer, *e.g.*, to render services and to bill for such services.

To protect customer information, Cypress restricts access to network infrastructure and to computer facilities that contain customer information. Cypress restricts the release of customer information outside of Cypress. Each employee must sign as a condition of employment an acknowledgement stating that the employee will comply with these requirements.
